

COURTYARD COLLECTION - PART 3

A collection consisting of 11 3d models of garden lighting fixtures, suitable for populating renderings of courtyards, patios, porches, pools, beaches, etc. The models contain all the high resolution textures, as seen in the previews, and are available in ".max" format (version 9), with all the material settings for vray.

This is part 3 of "COMPLETE COURTYARD COLLECTION". If you need a more comprehensive collection, you can check that out, since it might be a better deal for you.
